Commissioner for Patents

This application is in condition for allowance except for the presence of claims 10-16 directed to an invention non-elected with traverse in the reply filed on 20 December 2005. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

The non-elected claims are not subject to rejoinder because the non-elected claims are not related as product and process of using of making (see MPEP 821.04(b)) or between independent or distinct products or between independent or distinct processes (see MPEP 821.04(a)). As discussed in the restriction requirement, the carrier and two-component developer containing the carrier are not material limitations to the developer because the carrier is a material worked upon by the apparatus during the intended use of the developer, apparatus, and process cartridge. As such, it does not provide a material limitation to the developer, apparatus, or process cartridge. See MPEP 2114 & 2115. The allowed carrier is not present as a patentable limitation in the non-elected claims.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher RoDee whose telephone number is 571-272-1388. The examiner can normally be reached on most weekdays from 6:00 to 4:30.
